What?  
We  
were just  
sitting  
to the  
wood part,  
too

ALGO!

S-  
stop!

What,  
you ask.

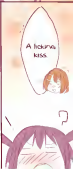

The good  
part?  
What are  
you trying  
to do?

But it's like  
a Western  
movie, isn't it?  
In the movie  
I saw with Li,  
there was a kiss  
on the back  
of the neck.

A-  
anyway!

That's crossing  
the line  
French kissing  
is far enough!

A hickies  
kiss.

After that,  
you should do  
those things  
when you find  
the person  
you love.

And  
then  
after  
that..?

Wasn't  
a french  
kiss good  
enough  
for you?

I never said  
a single word  
about loving  
you, Yui-senpai

What  
you said  
is weird

What  
about my  
feelings?

Why can't  
I just be  
honest  
in those  
types of  
situations?
